Records and Retention

The orderly acquisition, storage and retention of School records and reports are essential for the overall efficient and effective operation of the School. The records commission shall consist of the Governing Authority president, Fiscal Officer and the Superintendent or head administrator.

The members of this commission may appoint necessary records official(s) to carry out the necessary work associated with the School's records. The records commission shall meet at least once annually to review the certificates of records disposal as submitted by the commission or any records official. Upon the approval of the commission, such records may be disposed of, pursuant to the following standards:

Certificate of Records Disposal

Prior to disposing any School records, the members of the Records Commission, or the records officers, if any, shall submit to the records commission a Certificate of Records Disposal ("Certificate") (Form RC-3). - The original Certificate(s) shall be forwarded to the Ohio Historical Society Network Specialist for the county in which the School is located no later than fifteen (15) days prior to the proposed disposal date. The records commission does not need to send a copy of the Certificate(s) to the State Auditor's office. The Ohio Historical Society Network Specialist shall send a copy.
- The Records Commission shall wait at least fifteen (15) days after forwarding the Certificates to the Ohio Historical Society Network Specialist before disposing of the indicated records. During this time period, the records commission may be notified that the proposed disposal is inappropriate or that the Ohio Historical Society considers some or all of the documents to have continuing historical value and wishes, therefore, to take custody of them. The Ohio Historical Society may not review or select for its custody any of the following:
 - Records containing personally identifiable information concerning any student, without the written consent of the parent, guardian, or custodial of each such student who is less than eighteen (18) years of age, or without the written consent of each student who is eighteen (18) years of age or older.
 - Records, the release of which would, according to the "Family Educational Rights and Privacy Act of 1974," 88 Sta. 571, 20 U.S.C.A. 1232g, qualify disqualify a school or other educational institution from receiving federal funds.
- At the end of the fifteen (15) day period, any records which have not been opposed to or taken custody of may be disposed. The Fiscal Officer, serving as secretary of the records commission, shall arrange for the appropriate disposal of such documents.

E-mails and Other Correspondence

E-mails and other forms of correspondence are not considered a record. Instead, these messages should be categorized, retained, stored, and disposed of based upon the contents of each email or other form of correspondence. As suggested by the Ohio Historical Society, e-mail correspondence can be grouped into four (4) different categories:

Not an Official Record. If an e-mail or correspondence does not document the organization, functions, policies, decisions, procedures, operations, or other activities of the School, it is not considered a “record” and, therefore, may be deleted immediately. Examples of non-records include personal messages as well as publications, promotional items, and similar materials (unless it is part of a larger material that is considered a record).

Official Record of Transient Retention. If an e-mail or other correspondence serves a limited administrative value, then it shall be retained only until it no longer serves its limited administrative purpose. Examples of official records of transient retention include messages regarding upcoming meetings and messages which substitute for verbal conversation, as might otherwise occur in the hallway or on the telephone. Official records of transient retention do not discuss policy or establish guidelines.

Official Record of Intermediate Retention. Official records of intermediate retention are those records considered general or routine correspondence. Routine correspondence, includes referral letters and requests for routine information, and shall be retained for a period of six (6) months.

General correspondence, includes informative letters and memos pertaining to agency and legal interpretations, and shall be retained for a period of one (1) year.

Official Record of Long-Term Retention. Official records of long-term retention are those records which discuss policy, create rules or guidelines, or otherwise deal with significant administrative duties and responsibilities. These records shall be retained according to the Schedule as adopted by the Governing Authority.

E-Mail Storage

E-Mails may be stored in the following formats:

- on-line storage, where the e-mail is maintained in the e-mail system;
- near-line storage, where the message is stored in an electronic record-keeping system;
and
- off-line storage, where the message is physically printed and stored accordingly.

In order to assure that all necessary e-mails records are preserved, one of the following guidelines shall be adopted:

- the individual who sends the e-mail is responsible for its retention. If an e-mail is received from outside the School, any individual who receives the e-mail is responsible for its retention.
- a special mailbox is created, and each time an e-mail is sent, the sender shall send a carbon copy (cc) to said mailbox. The party charged with administering the mailbox, such as the compliance department, shall retain the e-mails as necessary.

Schedule of Records Retention and Disposition

The School has adopted the forms provided by the Ohio Historical Society. The Record retention forms are available on the Ohio Historical Society's website:

Compliance with Ohio Privacy Act

The Administrator develops and implements a comprehensive and efficient system of personnel records. The executive assistant is hereby designated as the employee directly responsible for the personnel records system. The following guidelines govern such records.

1. Personnel files contain records and information relative to compensation, payroll deductions, evaluations and such information as may be required by State or Federal law or considered pertinent by the Superintendent. Anonymous material or material from an unidentified source are not placed in a staff member's file.
2. A personnel file for each employee is accurately maintained in the District office in accordance with administrative regulations incorporating the requirements set forth under the Ohio Privacy Act for the protection of employees. Employees will be notified whenever personal information concerning them is placed in their file.
3. State law requires that all public records be promptly prepared and made available for inspection to any member of the general public at all reasonable times during regular business hours. Upon request, the person directly responsible for personnel records is required to make copies available at cost, within a reasonable period of time.
4. The public has access to all records in the personnel file with the following exceptions:
 - A. medical records;
 - B. records pertaining to adoption, probation or parole proceedings;
 - C. trial preparation records;
 - D. confidential law enforcement investigatory records;
 - E. Social Security number and
 - F. records of which the release is prohibited by State or Federal law.

Additional exceptions are listed in Ohio Revised Code Section 149.43.

5. The District is required to keep reports of investigations of employee misconduct in the employee's personnel file, unless the State Superintendent of Public Instruction or his/her designee determines that the report does not warrant taking action against the employee. If the State Superintendent of Public Instruction or his/her designee determines no action is warranted, the investigation report must be moved from the employee's personnel file to a separate public file.
6. Each employee has the right, upon written request, to review the contents of his/her own personnel file. If a document is not disclosed to the employee because it is determined by a physician, psychiatrist or psychologist to be likely to have an adverse effect upon the

employee, the document will be released to the designated medical authority. Requests are made to the Superintendent and scheduled for a time convenient for the parties involved.

7. Employees may make written objections to any information contained in the file. Any written objection must be signed by the staff member and becomes part of the employee's personnel file after the appeal procedure outlined in the Ohio Revised Code. The appeal procedure permits any employee who disputes the accuracy, relevance, timeliness or completeness of information maintained in his/her file to compel the District to investigate the current status of the information.

8. Personnel records should be reviewed only within the confines of the Chief Operation Office.
